Building Level Planning Team
January 5, 2006

Members present: Boolukos, McLoughlin, Tannenbaum, Davenport, Scales, Sutherland, Welch

1. We approved the minutes from the December 15th meeting..
2. We heard a proposal from the SO to hold a pep rally. This rally would occur in February and would take place during the last period of the day. The BLPT approved the request. As next steps the SO will contact Ms. Krausz, and Mr. Davenport will confer with Department heads and with the faculty for their input.
3. Mr. Davenport reported that teachers and parents would be meeting to review and refine progress report comments.
4. We reviewed drafts of student of the month programs and school citizenship awards. We decided to pursue Departmental Student of the Month program and a school citizenship award program. We will revise the draft description and criteria and review at the next meeting. In addition, at our next meeting we will describe the logistics of recognition (announcements, awards, certificates, and so on.)
5. We reviewed a proposal to recognize members of the NHS by allowing them to used membership cards as hall passes.
   We will take up this question again after the faculty has processed the proposal with Mr. Davenport at the next faculty meeting (February 1).
6. We reviewed criteria for reviewing assembly requests. We decided to add a number limit on assemblies, and lead time in informing teachers. We will make a proposal on those questions at our next meeting.
7. We continued our discussion of our modified open campus. At this point the consensus seems to be that the school should allow students to leave and return only once during the school day.
8. We adjourned at 5:20 p.m.
9. Our next meeting will take place in the library at 4:00 p.m. on February 2.
