

**Building Level Planning Team
Minutes
February 2, 2006**

Members present: Boolukos, McLoughlin, Tannenbaum, Davenport, Scales, Sutherland, Welch, Lancto, Gideon, Sutherland, Volin

1. We will amend the minutes of January 5 to reflect that the potential conflict between band rehearsals and academic classes will be addressed.
2. We finalized the logistics and planning for the Departmental Student of the Month Award. Students for the award will be selected from the Math, Science, English, Social Studies, LOTE, Music, Art, Home and Careers, and Physical Education Areas. Each month, departments and teachers as appropriate will be asked to submit a student to win this award according to criteria established by the BLPT and approved by the faculty.
This process will be shared with department heads and faculty for their input. This program will be put in place in March.
3. We reviewed the NHS hall pass proposal. Since there seem to be a number of students in hallways without passes, faculty and staff will be reminded of our hall pass procedure. We will hold off on the NHS hall pass proposal for now.
4. We began discussing assembly requests and planning general guidelines for assemblies, including putting the same assembly on a three year rotation for a repeat, and limiting the overall number of assemblies.
5. We adjourned at 5:30.
