1. We reviewed and approved the minutes of February.
2. We discussed enlarging the membership of the Student Organization. In addition to officers, 2 representatives from each class will be elected. We decided that this change will be announced and publicized in class meetings to be held before spring break.
3. We began reviewing revisions to the Code of Conduct. We concluded our meeting after a spirited discussion regarding food and drink in the classroom. We will continue our review at the next meeting.
