2. Mr. Sutherland noted the excellence of this year's school musical.
3. We discussed again a way to recognize the achievements of our students who enroll in AP courses and take exams.
4. We discussed ways to welcome exchange students and recognize their presence and contribution to our school. This function will be taken up with the Student Organization.
5. We decided that the BLPT would meet on the third Thursday of the month for the 2007-2008 school year.
6. We will begin the 2007-2008 school year by reviewing the results from the High School Survey of Student Engagement and from those results devise objectives and action plans for the school year. In addition, we will review the results of the electives survey in order to suggest additions to our program of studies.
