Minutes

Document Discussion:

Purpose of document

Generate:

Recommendation - Draft Curriculum document for Elementary, Middle and High School.

UNIT/ LESSON – EVERYDAY MATH		
CONTENT		
PRECUS (?)		

Use Everyday Math Chart

Discussed issue of what information teachers require at the beginning of school year.

- Elementary School- nice if they get test results from previous year

Data:

- Receiving teacher to get report of student results on assessment

Recommendation:

- Continued and ongoing professional development to support Everyday Math implementation and technology infusion in Middle/High School Math

Calculators:

Recommendation:

Rationale:

Corrections to the Minutes of April 19, 2005

Recommendation #1:

- **Add:** Grade level opportunity to visit other District classes

Recommendation #2:

- **Add:** Professional Development days and $\frac{1}{2}$ days be given to teachers to collaborate, plan, integrate and monitor, adjust the curricula, in order to ensure that students are secure with/on the current performance indicators

Rationale #4:

- **Change:** Teacher/pupil ratios to Teacher/pupil ratio
